## Features and Benefits

### Speed of Installation

The FiberGuide® system features a variety of products that allow for quick and easy installation. Express Exit™ drops as well as tool-less products including Snap-Fit™ junctions, snap-on covers and new hinged cover options save valuable time for installers.

### Speed of Deployment

The Express Exit system enables new drops to be added or removed quickly and easily. A drop can be added into a fully loaded raceway in seconds—without cutting.

### Raceway Flexibility

The FiberGuide system features 38 support structures, over 75 fittings, multiple drop options and several other components to suit any application you create.
